HOW DO I BOOK A SLOT FOR THE SCREENING?

Go to Studies > Approved

Click on View available slots

The available time slots will be shown. Select the time at which you would like to come for the screening and click Schedule.

Your appointment is now booked.

WHEN CAN I SCHEDULE A SCREENING VISIT?

A recruiter approves or rejects your registration. Once all registrations have been reviewed, all approved candidates receive an email at the same time to book a screening appointment online. This can happen at any moment, so be quick! There are often more approved registrations than available appointments.

WHAT IF THERE ARE NO OPEN SLOTS LEFT FOR A STUDY FOR WHICH I HAVE BEEN APPROVED?

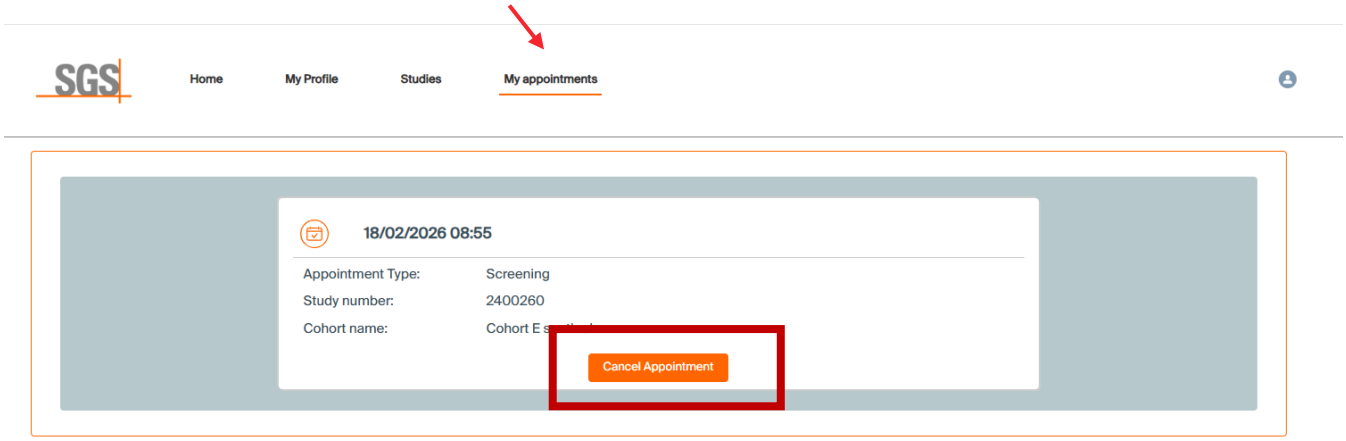

If all slots for a study are fully booked, it is not possible to schedule a screening visit, even if you have been approved for that study. As soon as slots become available again, you will be notified by email. Another option is to register for a different study.

WHY CAN I ONLY BOOK ONE SCREENING APPOINTMENT AT A TIME?

You may only participate in one study at a time. For that reason, you can also only book one screening appointment at a time. This gives every participant a fair chance and prevents overlapping schedules.

WHERE CAN I FIND MY APPOINTMENT?

Go to My Appointments

You will see your appointment listed there.

Are you no longer available? Here you can cancel your appointment using the **orange button.**
